

All Saints' C.E. Primary School

Class Information For

Year 3

The staff working in your child's class this term is:

Miss Bell, Miss Wilson (AM) and Mrs Kaur (PM)

Dear Parents and Carers,

I am very excited to welcome all of the children into the Year 3 classroom and see lots of you parents/carers. We have definitely got a wonderful and fun year ahead and I can't wait to get started.

Over the course of the year we will be looking at developing children's writing and mathematical skills through a range of interactive and practical tasks. Learning through song will be a big part of our classroom! We will be covering some very interesting units of work which I'm sure the children will be excited to tell you about. Our specialist sport coach will continue to develop and build the children's skills within sports. This year the children will start a new unit - Modern Foreign Languages where they will begin to learn Spanish, starting with general greetings.

We are looking forward to sharing the amazing things we get up to in Year 3 and you can follow this on Parent Hub and the school website. If you have any questions or concerns please don't ever hesitate to get in touch!

Can't wait to see you all,
Miss Bell

General Information

P.E Days

Autumn 1: Monday and Wednesday.

Autumn 2: Monday (Forest School) and Thursday.

Children will need to come in their P.E kits on these days please. Please note your child(ren) will need to come to school in their school shoes and bring their trainers separately.

Reading

Each child will be given two books per week. One of these is designed to enhance their phonics knowledge and solidify their understanding of key sounds. The other book is for them to share with you to build their comprehension skills. The children will also have access to active learn where there will be a range of books available for them to read. Books will be handed out on a Thursday and should be returned by the following Wednesday.

Homework

In Year 3 the children will be given a manageable amount of homework in line with what they are learning in the classroom. Homework will be set on a Friday and to be returned the following Friday. The homework will reflect the English, Maths and science learning and this can be found on Century Tech. The children will also receive a list of spellings which will also reflect what they have been learning in class.

Seesaw/Parent Hub

Please be aware that Year 3 move from Seesaw to Parent Hub for any updates. There will be weekly updates posted on a Friday so please make sure you're following so you don't miss out on all the great things Year 3 will be doing!

Subject	Unit
English	Autumn 1: Stone Age boy will be the class focus this half term, the children will learn about how life was in the Stone Age and how two children, one from the Stone Age and one from modern day navigate their way through Stone Age time. The children will then use the discussions to help write their own story as if themselves had been transported back. Autumn 2: We will be exploring Skara Brae which focuses on a prehistoric Stone Age site in the Orkney Islands, Scotland.
Maths	Autumn 1: At the beginning of the academic year the children will be deepening their knowledge on place value, looking at 100's, 10's and 1's. We will solidify their knowledge of number bonds. Autumn 2: We will look at addition and subtraction. Within this the children will begin to understand fact families and understand addition and subtraction problems.
Science	Autumn 1: We will explore light and dark. Some of their learning will consist of using different experiments to understand shadows, they will learn about the dangers of the sun and how light reflects. Autumn 2: We will move on to plants and deepen the children's understanding of the functions of a range of flowering plants and trees.
History	To link in with our English topic we will be learning about the Stone Age. We will learn about how Britain changed between the beginning of the Stone age and the end of the Iron age.

Geography	We will be carrying out research on what are the main features of the UK? (counties, special features such as Lake district and holiday destinations).
RE	In RE we will be learning about what to Christians learn from the Creation Story and what is it like for someone to follow god.
